We'll lavish your guests with **CUSTOM-CREATED** gourmet pizzas made with the finest ingredients on fresh, handmade dough - and all **WOOD-FIRED** in our **PORTABLE AUTHENTIC ITALIAN OVEN!**

---

Chariots of Fire offers a creative private chef catering service that is incredibly efficient and versatile. We've created our oven to be portable and easily setup in any outside area or backyard. Pizzas are served buffet-style and can easily be enjoyed by your guests as they mingle.

Once we set up, we begin the party by serving salad and then begin cooking pizza non-stop for your guests until everyone is satisfied.

Our dessert menu varies from dessert pizza made with Nutella and bananas to tiramisu or even ice cream.

We even do breakfast pizzas and calzones for your breakfast parties or weekend brunches.

Only a **WOOD-FIRE OVEN** can produce the heat levels required to make authentic Italian pizza with the **UNIQUE FLAVORS** of **HARD WOOD** in the **OLD WORLD ITALIAN TRADITION.**

---

The oven cooks at temperatures between 750 and 1000 degrees fahrenheit. The pizza sits on the oven floor to cook in less than 3 minutes, creating a perfect crisp texture on the bottom, while cooking the toppings and thoroughly melting the cheese on top.

We use local hard woods to fuel the fire and give a unique flavor to the food. At over 6 feet in height, the portable Chariots of Fire pizza oven is truly an impressive sight. Your guests will enjoy watching the fire as our expert chef manages the oven and the fast pace of cooking the pizzas.

Our fresh ingredients, authentic oven and expert chefs combine to make the best-tasting pizza you've ever experienced!
